

IPT

**YEAR IN REVIEW
2018**

IPT FRIENDS,

This year was marked with a special event crowning IPT milestones. Our success story in the oil and gas industry was recognized by Forbes Middle-East Magazine which selected Dr. Toni Issa, IPT CEO and Vice Chairman, among Lebanon's Top 35 inspiring Lebanese Business Leaders who have shaped the country's business landscape and received in this occasion "Forbes Lebanon 100 Award".

This is the result of years of hard work in which we focused on incorporating sustainability into our daily activity, ensuring safe, incident-free and responsible business operations, supporting the efficient use of energy sources, empowering national economy and bringing value to the community.

Providing innovative products and services was our biggest challenge, thus we succeeded in meeting the growing market demand in Lebanon, fostering a culture of innovation and delivering excellent customer service around the clock in accordance with our business ethics and culture.

As we grow into a business that seeks excellence, we have built closer connections and better communication with stakeholders. We are proud that our customers recommend us to their family and friends, suppliers seek for long-term relationships, and partners pursue for longstanding collaborations.

IPT: A GOAL LEADER FOR SDG7

"I promise to keep implementing projects for affordable and clean energy within the oil & gas sector, and to work simultaneously on several fronts with local and international institutions and official authorities"

Dr. Toni Issa

The Vice Chairman of IPT Group and President of IPT Energy Center (IPTEC), Dr. Toni Issa, became member of the UN Global Compact Network Lebanon and goal leader for SDG7 on Clean & Affordable Energy.

IPT RANKED AMONG THE TOP 35 MOST SUCCESSFUL BUSINESSES

Forbes – Lebanon 100 awarded IPT's successful story, and its CEO Dr. Toni Issa who was selected among Lebanon's "Top 35 inspiring Lebanese Business leaders" who have shaped the country's business landscape, and received an award in recognition of his achievements.

OUR GREEN RESOLUTION

Quantum is available at all IPT stations at no additional cost. What differentiates "Quantum" from the regular gasoline is that it contributes to fuel economy, power & responsiveness, engine protection, and most importantly Less pollution.

These features were detailed in IPT's 2018 desk calendar.

The Advanced Fuel from IPT

GATHERING OF THE PIONEERS TOWARDS SUSTAINABLE GAS STATIONS

In the presence of H.E. Minister of Energy & Water, Cesar Abi Khalil and as part of IBEF 2018, IPT organized its 5th "Annual Corporate Conference & Gathering" under the theme "Towards Sustainable Gas Stations" specified for the owners and managers of its stations network across Lebanon.

IPT unveiled its vision of the future sustainable, eco-friendly and advanced gas station.

IPT FOR A RESPONSIBLE BUSINESS

IPT issued its "2018 CSR Report" under the title "Committed to Responsible Business", because it believes that the role of the private sector is not only limited to doing business. Being socially and environmentally responsible is a necessity to bring the interest of its business and the community together taking into consideration the public interest, and rejecting actions that may harm the society and the environment and promoting local development. The report will be officially launched soon.

IPT NETWORK

ALL OVER LEBANON

IPT STATIONS NETWORK EXPANDS BY MORE THAN 12% ALL OVER LEBANON

More than 25 stations have been pinned all over Lebanon from north to south along this year. To be closer to you wherever you are and make your energy more sustainable.

IPT PARTNERS WITH BANKS TO FUEL YOUR HOLIDAYS

IPT's strong long-term partnerships with several banks has turned your expenses into rewards.

With our special packages in collaboration with different merchants, you will have a rewarding experience at IPT Stations, restaurants, shopping centers, etc...

This year again, IPT organized with Credit Libanais Bank a competition, for a chance to win "IPT Fuel Gifts Cards". IPT and SGBL established an agreement that allows SGBL debit and credit cardholders to double their points with every purchase at IPT Stations.

And for IPT-Byblos Bank MasterCard holders, you can triple your point each time it is used at IPT Stations.

When collecting points on any card, don't forget to ask for your "IPT Prepaid Fuel Card" as a reward! Use it for fuel, oil change and carwash.
