### A Leading Meter now Available at EQUIPT

Whether your business requires flow measurement for custody transfer or process control, with a Liquid Control Positive Displacement Meter on your Delivery vehicle, at your bulk shipping facility, or at your plant, you'll get years of consistently accurate, trouble-free service.

Because of easy installation, minimal maintenance, and few replacement parts, you'll appreciate the low cost of owning and operating Liquid Control positive displacement meters.

LC meters, by EQUIPT, are exclusively engineered with no metal-to-metal contact within the measuring chamber...
