IPT ENERGY CENTER

**A CO SPONSOR
FOR IBEF 2018**

IPT Energy Center (IPT EC) is specialized in research activities and scientific studies on energy, oil, and gas in Lebanon. The center not only does research in the fields of energy, oil, and gas but actively strives to enhance knowledge on energy conservation and efficient energy use to reduce environmental pollution resulting from the use of energy sources, promote the use of clean, alternative and renewable energy solutions, and more.
